WORK EXPERIENCE	<p>Ariqt International Private Limited, Hyderabad- (June 2021 – Present)</p> <p>4+ years of experience in UI development using Angular and other modern frontend technologies.</p> <p>Developed scalable, high-performance web applications, focusing on maintainability and modular design.</p> <p>Strong expertise in feature flag management, authentication, and micro frontend architecture.</p> <p>Conducted peer code reviews and contributed to Agile processes, including sprint planning and refinements.</p> <p>Ensured quality code through rigorous testing methodologies and best development practices.</p> <p>Key Projects:</p> <p>Feature Flag Portal (June 2023 – September 2023)</p> <ul style="list-style-type: none">• Developed and managed a Feature Flag Portal for efficient feature rollouts and targeted testing.• Implemented feature toggles for conditional rendering and optimized code paths.• Conducted feature flag audits to ensure compliance and minimize performance overheads.• Collaborated with cross-functional teams to strategize feature releases and monitor performance.

SnelStart Bookkeeping (May 2021 – Present)

Client Location: Netherlands

Role: Software Engineer

- Designed and developed UI for new ERP module flows within an Nx monorepo.
- Managed frontend development for sales domain, orchestrating complex UI logic using Angular libraries.
- Implemented micro frontends and ensured seamless coordination with backend developers.
- Developed reusable Storybook components for better maintainability and scalability.
- Actively participated in Agile Scrum methodologies for continuous improvement.

Feedback Forum (June 2023 – September 2023)

Client Location: Netherlands

Role: Software Engineer

- Developed a comprehensive feedback forum web application using Angular.
- Orchestrated the application with Microfrontend architecture using Module Federation and Nx.
- Integrated AuthO for authentication and authorization, ensuring secure access.
- Designed and implemented a responsive UI with reusable components.
- Streamlined deployment using Azure resources and CI/CD pipelines.
- Enabled users to submit feedback for continuous application improvement.

EDUCATION

Bachelor of Science (B.Sc M.P.Cs) :

Siddhartha Degree and PG College (Aff. O.U.)

June 2015 – March 2017 | Final Percentage: 70%

Intermediate (10+2) M.P.C :

Sri Chaitanya Junior College

June 2012 – March 2014 | Final Percentage: 90%

STRENGTHS & SKILLSET

- Ability to work under pressure and meet deadlines.
- Strong communication and analytical skills.
- Team-building capabilities, emphasizing versatility and adaptability.
- Passion for quality, optimized, and maintainable code.
- Open to learning new technologies and adapting to new environments.

DECLARATION
